

## *The Course*

This 14-week course is divided into 8 online modules and a 2-week residential intensive.

### *Online Modules*

Each online module, apart from the Orientation and Concluding Modules, has 5 Units (or Lessons). You complete it at your own pace.

The Orientation Module consists of preparatory information to do the course and setting up technical requirements you need to participate online.

During the online modules participants are expected to join a weekly Online Learning Community with other participants and attend a weekly accompaniment session with their designated trainer.

### *In Person Module*

The two-week residential intensive will involve experiential learning, in which the cohort of course participants will predominantly work with one another, accompanied by the course trainers. They will engage in real-time facilitation reflecting on their practice, skill, attentiveness, listening, and leadership.

# *Training in the Practice of Group Facilitation*

## **2024**

**Online Course in English with Intensive Workshop in Rome**

**Online Course in Spanish with Intensive Workshop in Brazil**

### *The Aims of this Course*

- Train facilitators for ongoing formation.
- Provide first level skills.
- Lay foundations for higher levels of training.
- Provide a training rooted in Heart Spirituality, discernment, accompaniment, and self-discovery (Formation of the Heart).
- Provide a process-oriented approach to facilitation.
- Enable facilitation practice with groups in the Chevalier family.
- Gain confidence in facilitation.
- Accreditation and recognition that is endorsed by the MSC General Conference.
- Provide a register of competent and trained facilitators.
- Grow communities of Facilitators across the Chevalier Family.
